ACADEMICS

Bachelor of Computer Applications (BCA) — 61%
Alliance University, Bengaluru, Karnataka
2024 – 2027 (Ongoing)

Higher Secondary (12th) — Science — 61.5% — 2024
Lakshya International School, Andhra Pradesh

Secondary Education (10th) — 69.4% — 2022
Chigurupati Sri Krishnaveni School, Andhra Pradesh

Technical Skills

Programming Languages:
- Python (Basic), SQL

Web Development:
- HTML, CSS

Tools & Platforms:
- UiPath, Coursera, GitHub

Concepts:
- Data Analysis, Process Automation, Web Development Basics, AI Fundamentals

Co-Curricular Achievements & Internship

1 Million For 1 Billion (1M1B) : Green Intern
Remote | 2026
1M1B Green Skills

Project Showcase:

- Mow Mow - AI Food Recommendation App

HTML, CSS, JavaScript, Responsive UI/UX Design

An interactive food recommendation app that helps users explore dishes and get picks based on mood, budget, or food preferences through a clean, intuitive interface. Designed for easy navigation and accessible food discovery.

- GitHub Repository Code Reader

Python, Streamlit, GitPython, Git/GitHub, Ollama (LLM)

Built a web app that explains GitHub repositories in simple language by inspecting source files and using a local language model (Ollama) to generate clear codebase summaries from a repository URL.

- Car Booking Website

HTML, CSS

Built a responsive car booking website allowing users to browse available cars, view vehicle details, and access booking information through an intuitive and user-friendly interface.

Certifications:

- AI for Everyone(Coursera)
- Data Warehouse Fundamental(Coursera)
- Full stack web development(Coursera)
- Fundamentals of Natural Language Processing(Coursera)
- UiPath Academy Automation Developer Associate Training
